Pump Anchor

Instruction Manual

Depthometer:

OCM's depthometer provides fast, reliable, and precise wireline depth measurements during bailing, clean-out, swabbing, and other related well intervention operations. Its design supports accurate depth control, helping improve operational efficiency and measurement consistency in field application

Key features:

Available with either ball-bearing or bronze-bearing construction, depending on operational requirements and service conditions.

Specifications:

Models:	Bronze Bearing		Ball Bearing	
Part Number:	(units in ft)	(units in mm)	(units in ft)	(units in mm)
	14000-200	14000-202	14000-201	14000-203
Weight:	11 lb (5 kg)		11 lb (5 kg)	

Sucker Rod Wrenches

Specifications:

Sucker Rod Wrench Assembly Part Number	Rod/Coupling Square Size (in.)	Size of Sucker Rod (in.)	Handle Length (in.)	Wrench Head Part Number	Spring Kit** Part Number
QA1-19	7/8	5/8 in. SR*	19	QJ1	QBRSP1
QA2-19	1	3/4 to 7/8 in. SR	19	QJ2	QBRSP1
QA2-19R	1-1/8	7/8 in. EL SR	19	QJ2R	QBRSP1
QA4-19	1-5/16	1 in. SR	19	QJ4.12	QBRSP1
QA5-19	1-1/2	1-1/8 in. SR	19	QJ5	QBRSP1

*SR = Sucker rod.

**Spring kit includes 1 spring, 1 pivot pin and 2 retainer rings
